CHEMICALS, CLEANERS & LUBRICANTS

Graffiti Remover

Paint Stripper/Graffiti Remover is a powerful cleaning formula that removes tough graffiti including enamel. This product can be used to remove graffiti from: bathroom partitions, lamp posts, desks, trains, road signs, billboards, phone booths, bus stops and seats, wall tile, aluminum siding, stainless steel, and lockers.

Brake Cleaner

This brake cleaner cleans brake dust, oil, grease, tar and other contaminants. The forceful spray washes soil off quickly.

Glass Cleaner

Foaming, streak-free glass cleaner for windows, mirrors, and automotive settings.

Lubricant

Raabe's non-flammable aerosol lubricant is a general maintenance penetrant unmatched in its versatility and quality. It is the obvious choice to penetrate, lubricate, demoisurize and inhibit corrosion.

Chain & Cable Lubricant

This foaming lubricant for chains, cables, and other mechanical items can be used as a lubricating, penetrating and cleansing fluid designed for a multitude of applications.

Dry Film Lubricant

Lubricates without attracting grit and grime, eliminates squeaks, prevents rust and protects moving parts. Raabe's dry film lubricant can be used on: hinges, windows, sliding tracks, locks and latches, hitches, ramps, pivots, cams and pulleys, threaded parts and rusted bolts, table saws, hand tools, wood working tools and folding knives, and industrial chains (fork lifts, conveyors, stackers).

In addition to these products, we offer a wide variety of other industrial and specialty innovations that can be developed especially for you.

Raabe also offers Private Label programs, which means distinctive packaging that gives your brand the recognition it deserves on the shelf. For more information about how Raabe can help with your packaging and labeling needs, contact 800.966.7580 or visit www.raabeco.com
