RAABE GETS IT RIGHT

Heavy Equipment • Office Equipment • Medical Equipment • Construction Equipment • Home Appliances
Consumer Electronics • Marine Products • Architectural Products

RAABE 

IT'S CALLED PRECISION COLOR® FOR A GOOD REASON

GUARANTEED COLOR MATCH TOUCH-UP PAINT THAT OEMs TRUST

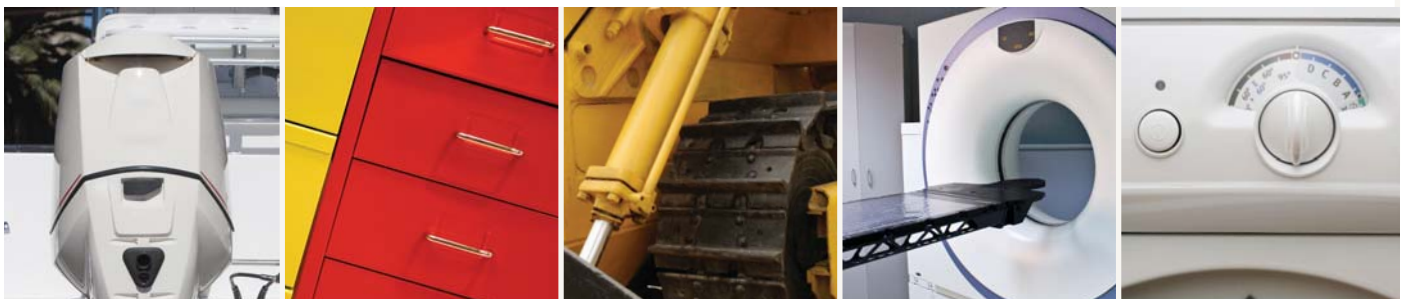

No other custom color company has the experience and capacity that Raabe brings to the table. We process over 100 guaranteed color matches every business day. We are able to provide over 18,000 custom color matches per year. Each one individually formulated using our own concentrates to ensure that the Precision Color® we make for you is so precise, it's invisible.

Raabe delivers custom color matches to your exact OEM factory standards. What's more, we match to your standard not just the first time, but every time you place an order.

Raabe gets it right.

Leather/vinyl coatings	Flexible color match coatings	Aerosol

RAABE HAS THE TOUCH-UP PLATFORMS OEMs NEED TO MAKE THEIR PRODUCTS PERFECT

We have over 50 years of experience in touch-up paint technology. We can work with you to determine the right touch-up paint platform for your product's substrate material, original finish and appearance.

THE RIGHT TOUCH-UP PAINT DELIVERY SYSTEM FOR YOUR PRODUCT

We work with OEMs to determine the best solution for each specific touch-up application. That means understanding your manufacturing process and where touch-up fits in. For example, for one OEM application we designed a pen-style bottle that contained an extra-long brush, so that touch-up paint could be applied to an area that couldn't be reached by hand, and couldn't be sprayed.

RAABE INNOVATION ADDS VALUE TO EVERYTHING WE DO

For a company that works with formulas, we don't have a standard recipe for working with our customers. For a company that uses many industry-standard containers for packaging, we don't try to force our customers into an off-the-shelf solution. Innovation is what drives Raabe.

So when you work with Raabe, we will push the envelope, ask tough questions, and bring you the kind of value-added solution that you demand.

Raabe gets it right.

DISCOVER RAABE'S WIDE RANGE OF EXPERTISE

At Raabe, we look forward to the opportunity of adding value whenever you require innovation in Color, Chemistry or Containers, delivered with unparalleled Customer Service.

Contact your Raabe representative to get the conversation started. We're ready to go to work for you.
